

## **A haunting Halloween at Loose Valley Care Home**

### **We love Halloween at Loose Valley Care Home and this year we went all out to enjoy the fun!**

We invited families and staff children to come and join us and visit around the rooms of our residents who wanted to participate. We had sweets waiting for the children to put in their buckets - no tricks, just treats!

We dressed up in fancy dress costumes - a rather super array of witches and a naughty devil! - and tucked into a fantastic buffet tea, which included homemade cheese scones and a freaky fruit punch made by our chef.

We had apple bobbing on offer for those who wanted to try it and one of our residents bravely had a go!

Everyone thoroughly enjoyed all the Halloween antics!
