

A magical time at Loose Valley Care Home

There was magic in the air last week at Loose Valley Care Home as Mark the Magician came to visit us on Wednesday 13 December.

He gave our residents a mesmerising performance, including turning newspaper into £50 notes and other optical illusions!

We were also delighted to see him magic a lovely white rabbit from his hat.

We all had a good giggle at the fact that, even though we were all looking very closely at what he was doing, we had no idea how he did his magic tricks!

Thank you Mark for a truly magical time!
