

## Animal handling session at Loose Valley Care Home

This week at Loose Valley Care Home we welcomed **River's Rodents and Reptiles**. All our residents absolutely loved it!

*We met a blue-tongued skink lizard, a silver corn snake, a tortoise, a rat and a guinea pig, and our residents were able to hold and stroke all the animals whilst River told us lots of facts about them all.*

The animals were all so lovely and friendly; we had some residents who weren't sure about it to start with but soon warmed up and everyone had a great time and asked when he is coming back again!
