

## **Animal Therapy with Chickens at Loose Valley Care Home**

We recently had a new edition given to us - Solo - and he is a real pleasure for our residents to cuddle and stroke as part of our pet therapy.

Our residents love to feed Solo and watch him grow. He is a great talking point and residents' families and friends like to hold him and hear about his progress too.

All in all he's proving to be a very big hit here at our **Home!**

Click [here](#) for more information on **Loose Valley Care Home**.
