

Big hugs all around at Loose Valley Care Home

We have really enjoyed making 'paper hugs' for all our residents at Loose Valley Care Home.

We asked our loved ones to send in photos of them together with our residents with a nice message, and then we traced around our hands to make a '**big hug**' covered with the lovely pictures.

Henry got his hug from his brother Robert this week, **Louisa** got hers from her best friend Diana, and **Ethel** loved receiving her hug from her grandchildren Sam and Kirstie and great grandchildren Eden and Charlie.

Our residents were so pleased with them and they really put a smile on their faces which was so touching to see.
