We at Loose Valley Care Home will be starting our 'Carry on Camping' activities soon – arriving in the Scottish Highlands on **Monday 13 September**.

We've arranged a **Scottish-theme lunch and dessert** with our Chef and a design for our tables.

Several of our residents have spent holidays up in Scotland, so they are going to tell us what they thought of the country (*and whether they saw Nessie!*).

We are also going to research some **Highland Games** and see what we can adapt for our residents, along with a **quiz and facts about Scotland** – *with some bagpipe music playing of course!*

We have a beautiful **scenic backdrop of a loch and mountains**, and we'll be borrowing a pop up tent to put in front of it, to really set the scene!
