

Collie canine visit at Loose Valley Care Home

Here at Loose Valley Care Home we have many beautiful doggos that visit our residents and bring a smile to everyone's faces. Some of the breeds include a Cockapoo, Dachshund, Bernese Mountain Dog and more!

Last weekend we had the handsome Tyler pay us a visit. He belongs to one of our Recreation and Well-Being Champions. Tyler is a Labrador-Collie-Cross and he is 12 years old. Our resident June wanted to know how old he is in human years, and he is a grand age of 85.

Tyler visited residents in their rooms and also joined us for a fitness class, whilst we were all doing leg raises and stretches – he was rolling around on the floor making everyone giggle!
