

Crafted fruit juice stands at Loose Valley Care Home

Here at Loose Valley Care Home, we have some beautiful Kilner jars for our fruit juices and our Maintenance Man Scott, who is very talented at crafting with wood, made some wonderful stands for them to sit in.

He painted them to match the colour of the drinks they hold; so lemon is yellow, orange is orange and blackcurrant is purple.

Thank you Scott for your fantastic handiwork! The stands look so smart and are a wonderful addition to our **hydration station**.

Loose Valley Care Home

We're so pleased with Scott's handiwork!
