

Doreen celebrates family baby news at Loose Valley Care Home

Our lovely resident Doreen at Loose Valley Care Home is thrilled to have become great grandma to a bouncing baby boy this week, when parents Alexa and Charlie had their first baby on Saturday 20 June, little Harrison, weighing 8lb 15.

Great grandma Doreen is besotted with baby Harrison, her first great grandson in the family.

His full name is *Harrison George Adam Hilton-Mann* and Alexa said it took 2 puffs of gas and air and he arrived in the birthing pool! *Wow!*

We announced to everyone that Doreen was a great grandma, with the help of the white stork outside (...well we took in our stork from outside and said we have something to announce and the stork should give everyone a clue!).

Alexa, sent in a lovely message;

"Thank you so much, Paula, for making it special for grandma. It's so hard not being able to come in and share it with you all. It really does mean the world to me, Charlie and Harrison. We'll send more pictures soon. Again thank you xxx"
