

## **Enjoying the garden with Billy the cat at Loose Valley Care Home**

**It was a beautiful hot day on Tuesday 7 April, so we headed out into our garden, followed closely by Billy the cat, who's such a favourite here at Loose Valley Care Home.**

We enjoyed sitting and nattering together whilst social distancing and admiring the view; it's beginning to look lovely in our garden as flowers are bursting into life.

The blues skies were wonderful and Billy made the most of it, by basking in the sun! He was purring and also jumped on the table for some attention at one point!

It's at times like these that we all really appreciate being able to get outside in the fresh air and take in the nature all around us.
