

## **Loose Valley Care Home and Indian celebrations**

**Our residents here at Loose Valley Care Home have set sail to India on the second leg of our virtual world tour and we look forward to docking in Mumbai, India, on Wednesday 10 March.**

With real travel out of the question as restrictions continue, our ladies and gents are on an armchair travel adventure for Spring-Summer 2021.

Our **Recreation and Well-Being** team member **Paula Smy** has been busy adding to the colourful Indian decorations that they'll dress the house this week, before our passengers disembark!

These colourful creations will look stunning!
