

Loose Valley Care Home are cruising to India

Around the World with Nellsar Cruises

Residents at Loose Valley Care Home are off to India on the second leg of their virtual world tour. With real travel out of the question as restrictions continue, our ladies and gents are on an armchair travel adventure for Spring-Summer 2021.

Having set sail to Hong Kong for Chinese New Year in February, we are looking forward to celebrating all things Indian as we reach our next destination on Tuesday 9 March next week. It promises to be a colourful day as our Recreation and Well-Being Team immerse our residents into a day of themed activities and food.
