

## Loose Valley Care Home residents enjoy a Grand National Party

On Friday 9 April, our residents at Loose Valley Care Home were treated to their first evening event in a while – betting at the races in the anticipation of the Grand National taking place the day after.

All our ladies resembled 'ladies who lunch' for the **Grand National Party**, sporting **fancy fascinators**, **drinking sparkling wine** and **eating scones with jam and cream!** *What fun!*

However, when it came to the **table top racing game**, all of them were very competitive, wanting to be the first to cross the finish line!

The evening was rounded off with a bet on The Grand National race itself, in the form of a **sweepstake**.

We all had so much fun, including **Billy our cat**, who decided to fall asleep on our racetrack!!
