

Loose Valley Care Home residents make floral displays

Last week at Loose Valley Care Home, our ladies and gents enjoyed getting creative, arranging their own vases of flowers.

We had a beautiful mixture of **lilies, tulips, roses** and **carnations** – in reds, oranges, yellows and whites. One of our gents helped trim the bottoms of the stems for our ladies to then arrange them nicely.

We always enjoy getting together and creating something as a group; some of our residents chose to display their arrangements in their rooms, while others decided to place theirs in our conservatory for everyone to enjoy. *They certainly did a lovely job of brightening up the place with this very English weather we've been having at the moment!*
