

## **Loose Valley Care Home wishes Doreen a very happy retirement**

**For over 33 years Loose Valley Care Home staff have had the privilege of working with Doreen Cheek.**

From working in the **kitchen** and **laundry**, to helping our residents with **lunch**, as well as **cutting hair and manicures**, Doreen is a lady of many talents! She is always jolly and upbeat and we are all very sad to see her leave.

Our **Home** will not be the same without her singing and stories, and her after lunch reminiscence with our residents which always made us giggle.

We wish her a very happy retirement and thank her from the bottom of our hearts for everything she has done for **Loose Valley** and **Nellsar** over her three decades of service.

***Much love from us all Doreen x***
