

## **New tuck shop trolley at Loose Valley Care Home**

**Our residents at Loose Valley Care Home were transported back in time to their youth, when our Recreation and Well-Being Team took around a portable tuck shop to each of them.**

There was a plethora of goodies for residents to buy and enjoy, including **juice, sweetie jars, chocolate bars, nail varnishes, lipsticks, stationery, cards** and much more.

Everyone enjoyed buying items themselves to enjoy over the weekend, including **mini bottles of wine**.

Our lovely little decorated trolley gave our residents the feel of popping into their local shops to either browse or purchase something – and this brought them great delight.

*We're delighted it was such a great success!*
