

Residents enjoy art class with Jackie at Loose Valley Care Home

On Monday 18 March our volunteer Jackie came in to host an art class with three of our residents here at at Loose Valley Care Home, which they thoroughly enjoyed.

Our ladies took great care with their drawings - one lady created a lovely illustration of a kingfisher and the other produced a detailed drawing of her hand.

They both concentrated to make sure all the details were right, before using watercolour paints to bring them to life. Beautiful work!
