

Residents have fun with Toonology game at Loose Valley Care Home

On Tuesday 13 October our residents had fun with a guessing game called Toonology at Loose Valley Care Home.

The game involved guessing song titles from clue pictures on cards. Some were easy and some a little more tricky to guess and we had to give lots of clues. Some players didn't recognise the song title until we spoke it.

We had a laugh **playing Toonology** and it was such a fun game.

We've given everyone a photocopy of the cards, with space to write out the song titles so our residents can keep them.
