

## Royal birthday celebrations at Loose Valley Care Home

**Our residents at Loose Valley Care Home wished the Queen a very happy 96th birthday on Thursday 21 April.**

We put up our **backdrop of Big Ben** and had fun taking photos in front of it. There was lots of chatter about the Queen and the royal family, and what a great job her majesty has done during her reign, still having an active role today.

After lunch we enjoyed a cup of tea and **posed with our crowns** and birthday card featuring a corgi, the Queen's favourite dog.

One of our ladies is 101 years old and received a birthday card from the Queen when she reached 100, so it was nice to make a fuss of her majesty in return!

*Birthday wishes to a very special monarch.*

A right royal birthday!
