

Scrabble gift at Loose Valley Care Home

We received this fantastic new Scrabble board from Phyllis's family for her and our other residents to use here at Loose Valley Care Home.

Phyllis has trouble reading the letters on a standard Scrabble board, so her son David purchased a **special edition from the Blind Association**; the letters on the board are much larger and clip into the squares to make it much **easier to read and play**.

Phyllis and our other residents have no trouble with the large letters; the improvement has been lovely to see as **Scrabble is a favourite weekly game here at Loose Valley**.
